## Blue Tranquility

In the midst of blue tranquility, all anguish quelled;  
In the midst of blue tranquility, all thoughts can dwell  
on treasured memories, love so real; such precious  
feelings help us feel In this place of blue tranquility,  
a sense of peace and calm.

God of love and God of grace, hear our prayer  
Bless these families in their loss, please hear our prayer  
they come to you for peace and calm  
their loved ones with you, safe from harm  
in this place of blue tranquility, Lord, please hear our prayer

In this house of grace and harmony, memories remain  
giving strength and love and fortitude, healing again together,  
share each other's tears with hopes and thoughts for future years  
your comfort helps us through our fears we turn to you, O Lord
